Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative Mr. Leon R. Turkevich explained the overall invention and how the independent claims reflect the features of the invention. After a long discussion and thorough examination of the references used in 102 and 103 rejections, it appears that the references does not clearly or entirely disclose the Applicant's representative's proposed amendment, specifically, "generating a movement directive based on executing an optimization of routing metrics ... and according to a prescribed routing protocol." .
